BIOSTIM IRON

GUARANTEED ANALYSIS

Element	% w/v
Total Nitrogen (N)	10,96
Iron (Fe)	7,49

Complex with amino acids and carboxylic acids and EDTA

BIOSTIM IRON, prevents and correct deficiencies and imbalances in iron assimilation in crops. **BIOSTIM IRON** is formulated with a high content of free L-aminoacid to enhance the absorption and translocation of Iron within plant tissues.

BIOSTIM IRON can be used in foliar spraying or diluted in irrigation water, during vegetative crops, specially when symptoms of Iron deficiency are present.

BIOSTIM IRON is compatible with most phytosanitaries and foliar fertilizers, however it is recommended to perform chemical compatibility tests of the mixture before using it.

WARNING

The company guarantees the composition, formulation and content of the product. The user is responsible for the use and application of the product, according to the indications for use set out in this label.

Manufactured by: **BIOGROW BIOCHEMICAL SPA**.
Address: Volcán Licancabur # 841, Pudahuel, Chile
